Viasat-1 Service Changes

Starting May 17th, we will begin offering Liberty 12, 25, and 50 service plans in all Viasat-1 beams. These plans will be available with the SB-2+ modem, which include a Wi-Fi router. Please note that these service plans will not have an associated three-month promotional offer. Be sure to check the Retailer Portal for the specific service plans available to your customers.

Updated Retail Sales Disclosures

We have updated the Retail Sales Disclosures to include the Liberty 12, 25, and 50 with Wi-Fi service plans.
